WESTAR 2017 Fall wTPs v1 bwp ee and transport regionalhaze.pptx
Haze Litigation Updates for Anna 11 2 17.docx

The haze team made some changes to slides 30 and 31 and associated talking points. These slides are included in the attachment (I started with Beth's version from earlier today).

We also updated the haze litigation cheat sheet for Anna.

Also, I think Anna knows, but just as a reminder, WESTAR's haze meeting is in December and Chris, Phil, and I are attending along with some folks from Chet's division (Brian Timin and Alison Eyth).

The SO2 and O3 designations slides still look good. The haze slides look good too though I'll ask that Melinda check the notes section of slide 30 to see if any updates are needed.

Thanks!

Yvonne –

I made changes (non-redlined) to either the slide content or the talking points for the exceptional events slides and the transport slides (21-29). I don't believe there are any issues specific to Westar states that are not already identified in the slides or TPs. Let me know if you have any questions.

Beth

Importance: High

Anna will speaking at WESTAR next week. Is there anything that she needs to be aware of that is specific to the WESTAR states OR anything that has changed in the last few days that needs to be reflected in her presentation. (Attached is the full deck that she will be pulling her WESTAR slides from.)

She is only in the office on Thursday, Nov 2, so please touch base with me ASAP if there is anything. Thanks.

Thank you,

Yvonne W. Johnson
